HUNTING AREA N. 1

The Czech Republic is one of the few countries in Europe where it is possible to hunt the Dybowski's sika deer, also known as the Manchurian sika deer. We can organise this hunt in a very limited number of free range where availability is very low. Availability is good in fenced areas ranging from 100 to over 1000 hectares. Among these areas, the one described below is characterised by the beauty of the area, largely covered by forest and with steep terrain in some parts, and by the excellent population of Dybowski's sika deer, with record trophies of over 450 CIC points. This is an historic hunting ground of approximately 450 hectares (1100 acres) and was set aside for hunting by a local nobleman in the 1800's and is located approximately 30 km from Prague. The size of the area, the fact that it is largely covered by forest and the steep nature of the terrain in many parts guarantee great hunting days. Sika Dybowski deer, mouflon and fallow deer are hunted there. Every year Sika Dybowski stags are hunted with silver and gold medal trophies over 400 CIC points. The pictures below show a few trophies from the 2023/2024 season. The mouflon ram trophies reach 230 CIC points + and the fallow buck trophies are up to 210 CIC points. The local hunting staff guarantees highly professional services.

GUEST HOUSE

This charming guesthouse, complete with a microbrewery and restaurant, guarantees a pleasant stay just a short distance from the hunting grounds. The rooms have an en-suite bathroom, a seating area, a TV and soundproofing. A continental buffet breakfast is served daily and is highly rated by guests for its quality. The restaurant serves traditional Czech cuisine. The guesthouse is located just 40 km from Prague.

Another option is a beautiful resort hotel about 15 minutes drive from the hunting areas. The hotel has 19 rooms (42 beds) with private bathrooms with shower or bath. The windows of the rooms face south and north, with the south side overlooking the beautiful lake and the hotel garden. The rooms are equipped with TV, internet connection, safe, air conditioning, medical mattress, damask bed linen, minibar at a charge, hairdryer, towels and bathrobe. The elegant restaurant offers modern cuisine with a varied daily menu and an extensive a la carte menu. The hotel offers its guests professional wellness services. Allow your body to relax after a hunting day.

HUNTING AREA N. 2

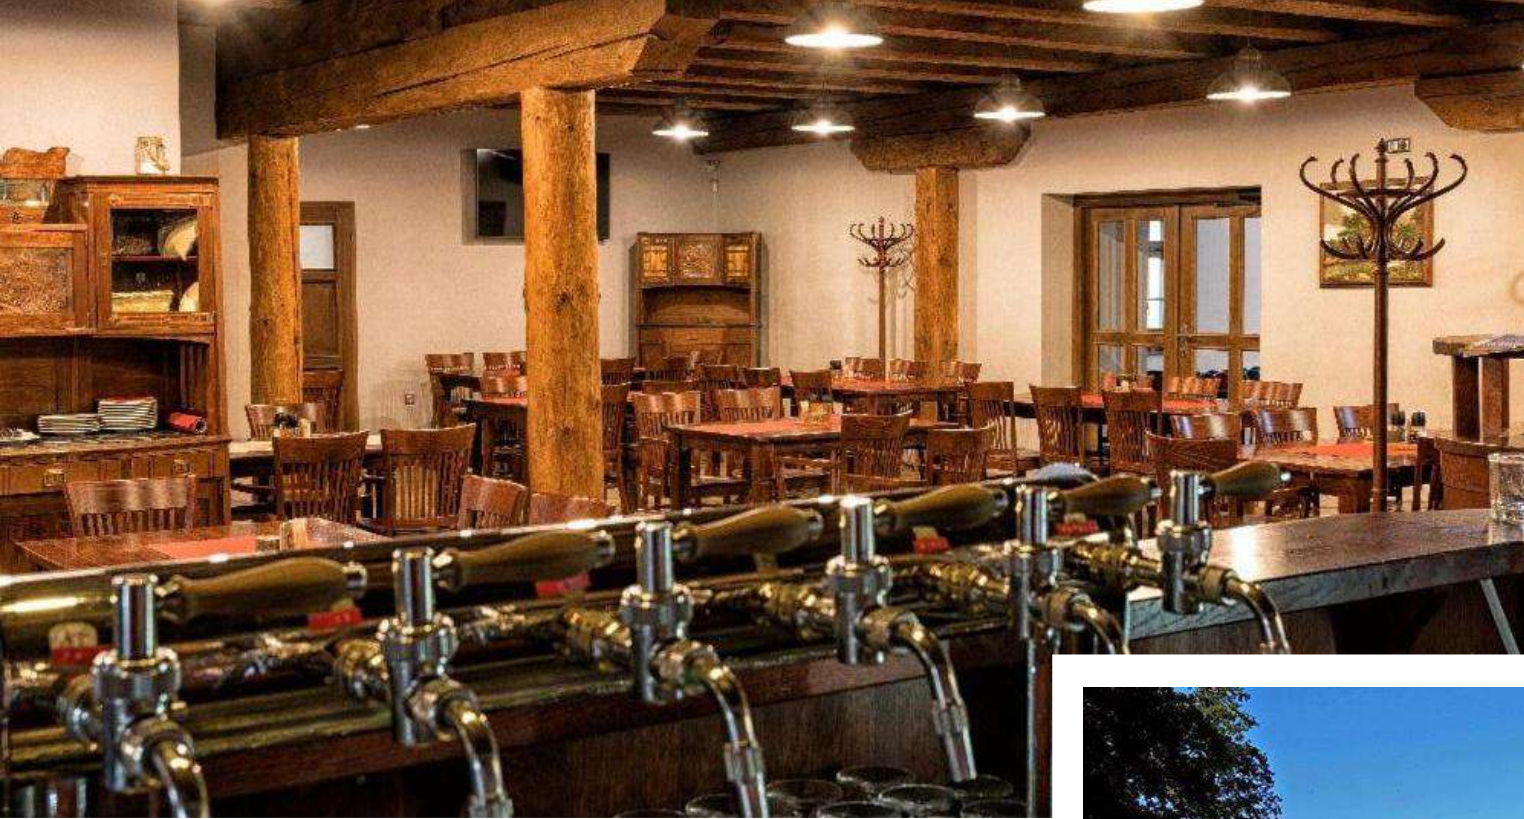

The hunting days occur in a fenced area spanning approximately 300 hectares. Dating back to the early 1800s, it is located in the north-eastern part of the Czech Republic. This natural area of great beauty stretches from a river valley to a hilly area, with an elevation difference of around 200 metres. The terrain is rugged and varied, largely covered by forests, meadows, and waterways. The area is home to several species of game, including fallow deer, mouflon, Dybowski's sika deer and red deer. The Dybowski sika deer population is characterized by its excellent genetic heritage. Each year, a number of mature stags with trophy-worthy antlers are hunted.

Accommodation – Guest house

Pleasant stay is offered in a country guest house that offers comfortable rooms and excellent local restaurant. The rooms are equipped with sat-TV, wifi and private bathroom. The guest house has its own little brewery and they prepare their meals with ingredients from local farmers. It is surrounded by small lake and green fields, the distance to the hunting area is approximately 20 km.

HUNTING AREA N.3

This hunting area is considered the most ancient one in Europe, founded in 1713 by local noble man upon a request from the Emperor. Its extension of over 3000 ha places it among the biggest in the Czech Republic. It is located at easy distance from Prague in the cradle of the Czech-Bohemian hunting tradition that is dating back to the early Middle age when the first Bohemian dukes and kings discovered these beautiful dense woods with massive rocks full of wild animals. The game preserve remained through the years an exclusive hunting place where next to the official guests of the Czech president, only a selected number of hunters are admitted each year. The game preserve is characterized by presence of different biotop with a lot of ravines, wide valleys, steep slopes and meadows. 70 % of the area is covered with broad-leaved, especially oak and beech, 30 % with meadows. The game preserve has an excellent population of dybowski deer next to Japanese sika, mouflon and fallow deer.

Accommodation

Stylish accommodation is offered in a recently refurbished guest house that offers comfortable stay in cozy rooms equipped with all needed for a good rest. The restaurant offers local dishes with attention to meat and game plates made from local ingredients. Its location in the middle of the beautiful nature by one of the oldest castles in the country makes the stay truly special.
